2010 city-data.com, Tuscaloosa County

McCalla, Alabama is located only ten minutes southwest of Bessemer and thirty minutes from Birmingham.

McCalla straddles the most populous county (Jefferson County) and the one that ranks 4th on the list of the fastest growing counties in Alabama (Tuscaloosa).

With a growing population where over 46% of the people in the county identify “none” as their religious preference this area’s greatest need is the gospel.

Why plant more churches in a state that already has so many churches? The Bible belt needs the gospel! We can see the truth of this in the headlines, in the demographic studies, and most importantly in the stories and tears of our neighbors.

The Evangel Presbyterian and the Alabama Church Planting Network are committed to providing mentoring, financial, logistical, and prayer support to plant PCA churches in Alabama.
