Pittsboro, NC has been a quaint town of 4000 for many years. Now it is poised to be one of the fastest growing areas in North Carolina. Anchoring this growth is Chatham Park, an 8500 acre development project. This live, work, play community is a suburb of the Research Triangle and will eventually be home to more than 60,000 people.

Chatham Park's website invites people to join them "in pursuit of a life well lived" and thousands of people who are in need of biblical, historic

Christianity have already accepted the invitation.

Christ Community Church of Chapel Hill is looking to help support an ordained man toward planting a PCA church in Pittsboro that will offer these new residents true hope found only in Christ.
